Thank you very much Julie for your excellent presentation yesterday. All of the participants were very happy with the results and the comments were extremely positive. It is unfortunate that we did not have more time. I hope we can repeat this experience in the future.

I really enjoyed the (Business Cocktail Networking conference) event. I learned a lot and actually put some of it into practice yesterday when having a business lunch!! Thank you for a very enjoyable evening and for all the tips and tricks. Truly a wonderful experience.

It was a great experience having Julie animate a workshop for Richter's summer interns. The students truly appreciated her workshop "B.O.O.T. Camp, Interpersonal Skills for Internship Success" and continued to talk about it beyond their internship. It was a memorable business etiquette workshop that contributed to their personal and professional development. An excellent icebreaker for students launching their career! It was a real pleasure and we look forward to collaborating with Julie again soon.

Julie's etiquette course always leave our students and alumni with more confidence for networking and attending events. She teaches attendees so much more than simply which fork to use — but also how to be comfortable and gracious in a variety of formal situations. University courses only go so far, and Julie helps bridge the professional development gap by providing valuable information in an engaging, accessible and welcoming format.
